PROFILE

Full-stack developer with strong debugging skills and practical exposure to UI testing, API validation, and workflow verification while building real-world applications.

Portfolio: pranav-joshi.vercel.app

SKILLS

Languages: JavaScript, TypeScript, Python, HTML, CSS

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS

Databases: MySQL, PostgreSQL (Neon), MongoDB, Convex

Deployment: Vercel, Netlify, Render

Tools: VS Code, Git, GitHub, Postman, Prisma, Clerk, Figma, Prisma Studio,

PROFESSIONAL EXPERIENCE

Full Stack Developer | IP SUPER SHOPPEE Pvt Ltd

09/2025 – Present

- Engineering a Google Ads management workflow for the seller panel, supporting campaign creation, analytics, and optimization.
- Integrated backend APIs and optimized data flow, improving real-time reporting speed by 30% and enhancing campaign management efficiency across the platform.
- Improved reliability by performing UI and API testing on advertising workflows during development.

Frontend Developer Intern | Small Fare Pvt Ltd

06/2025 – 09/2025

- Worked on the admin panel using Next.js and TypeScript, improving responsiveness and building dynamic components for seamless transaction and user management.
- Collaborated with the backend team to integrate APIs and optimize performance, ensuring smooth data flow and faster real-time updates.

Frontend Developer Intern | Baoiam Innovations Pvt Ltd

11/2024 – 02/2025

- Built React.js frontend features, integrating with backend APIs to deliver smooth user interactions.
- Enhanced the Profile Page, improving API integration and making the interface more intuitive for users.

PROJECTS

AI Interview Prep Platform (PrepMate), prepmate-interview-prep.vercel.app

- Developed an AI-powered interview preparation platform using React.js, Tailwind CSS, Node.js, Express, and MongoDB, delivering a responsive and interactive user experience.
- Integrated the Gemini API for role-specific Q&A, providing personalized and adaptive interview practice.
- Designed a clean, intuitive UI with smooth workflows, helping users practice efficiently and confidently.

Fitness AI App (FitBot), fitbot-ai.vercel.app

- Built a full-stack fitness app using Next.js, Clerk, Convex, and Vapi for real-time AI meal and workout plans.
- Implemented voice-based AI interactions and tested multi-step plan generation for smooth flow.
- Created a responsive UI and integrated backend workflows for seamless cross-device use.

EDUCATION

Bachelor of Technology in Computer Science and Engineering (62%)

2021 – 2025

Marathwada Institute of Technology

Higher Secondary Education (85%)

2019 – 2021

Late Bhairomal Tanwani Junior College

State Board of Secondary Education (74.8%)

2018 – 2019

St. Alphonsa English High School
